

CASE STUDY

NETWORK SECURITY SOLUTIONS

Dana Holding Corporation emerged as one of the world's most influential automotive suppliers. Founded on Spicer's designs, and fueled by the business acumen of attorney, politician, and financier Charles Dana, the company proceeded to expand its product array, technological expertise, and geographic scope throughout the century. Along the way, Dana Holding Corporation also fostered a progressive, people-oriented culture that has added a unique dimension to the products and services the company provides. Dana Holding Corporation is a world leader in the supply of axles; drive shafts; off-highway transmissions; sealing and thermal-management products; and genuine service parts.

DANA HOLDING CORPORATION

US-based Dana Holding Corporation, supplier of driveline products and power shafts, has broken ground for \$20 million technical center in Pune.

The new center has enhance the company's engineering capabilities in India by providing design, testing, and analytical support for each of Dana's primary markets like automotive, commercial vehicle, and off-highway – all under one roof. Dana Holding Corporation is a world leader in the supply of axles; driveshaft's; off-highway transmissions; sealing and thermal-management products; and genuine service parts.
